Characteristics of Programs of Information Literacy that Illustrate Best Practice

Information Literacy in the Washington Community and Technical Colleges - LSTA Grant

Based on the Institute for Information Literacy's Best Practices Initiative
Please refer to the following link for more information about these criteria.
http://www.ala.org/ala/acrl/acrlstandards/characteristics.htm

This is being used as a self-evaluation of our progress throughout this grant process. This does not assume all colleges are doing all of these things at the "Program Strength" level or that all of these activities are equally important to us.

Please answer each question with two check marks. One checkmark indicates where your college's Information Literacy Program was <u>two years ago</u>, at the start of this grant process. The second checkmark indicates where you are <u>at this time</u>. If only one box is checked, that means there has not been movement (progress) on that criterion.

Optional Questions

program so far?
Revision of our Research Across the Curriculum program. Focus group to explore and study an Information Literacy global rubric for the campus. Library involvement in planning for a new Honors Program.
What challenges or barriers do you still feel you face in implementing the Information Literacy Program you want to have?
Get solid standards for implementing Information Literation across the campus. This is dependent upon whoever is in our permanent administration (President, Vice President, library dean, etc.), all of which are currently interim.
Do you feel the grant (and its activities) have been helpful or supportive in accomplishing your goals? What else could be done?
Yes.

What activities at your library (or college) have really advanced your information literacy
